

BRICK WORLD

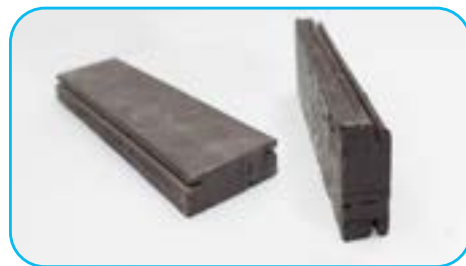

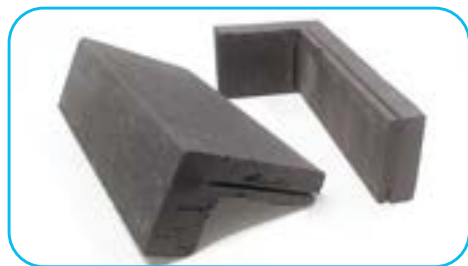

BrickWorld è il nuovo brand di Ferrari & Cigarini specializzato nel design e nella progettazione di macchine performanti per il taglio listelli, angolari, taglio kerf e per la rettifica e ceratura del mattone, dal più sottile al più spesso.

BrickWorld is the new Ferrari & Cigarini brand specialized in the designing and engineering of high-performance machines for cutting slips, corners, kerf cutting and for rectifying and waxing bricks, from the thinnest to the thickest.

BrickWorld es la nueva marca de Ferrari & Cigarini especializada en el diseño e ingeniería de máquinas de alto rendimiento para el corte de listones, angulares, kerf y para el rectificado y encerado de ladrillos, desde los más finos hasta los más gruesos.

BrickWorld est la nouvelle marque Ferrari & Cigarini spécialisée dans la conception et l'ingénierie de machines performantes pour la découpe de listels, d'angles, de kerf et pour le rectification et le cirage de briques, des plus fines aux plus épaisses.

**Vuoi realizzare questi prodotti ma non sai qual è
la soluzione giusta per le tue esigenze?**

Would you like to make these products
but you don't know which is the right
solution for your needs?

¿Quieres fabricar estos productos pero
no sabes cuál es la solución adecuada a
tus necesidades?

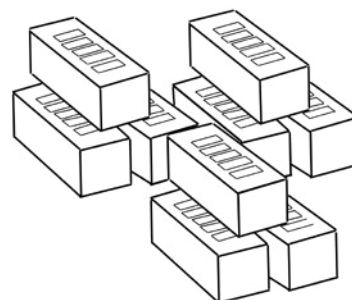

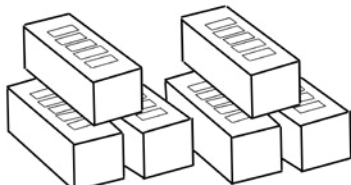

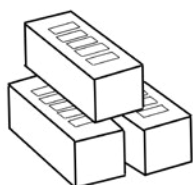

Vous souhaitez fabriquer ces produits
mais vous ne savez pas quelle est la
solution adaptée à vos besoins?

Con Ferrari & Cigarini hai un'ampia scelta di opzioni: a seconda della produzione che desideri ottenere, ti offriamo 3 linee di prodotti

With Ferrari & Cigarini you have a wide choice of options: depending on the production you want to obtain, we offer you 3 product ranges

Con Ferrari & Cigarini tiene una amplia variedad de opciones: dependiendo de la producción que desee obtener, le ofrecemos 3 líneas de productos

Avec Ferrari & Cigarini vous avez un large choix d'options: selon la production que vous souhaitez obtenir, nous vous proposons 3 gammes de produits

Compactline®

ROBUSTUS

INDUSTRIAL LINE

Macchine compatte e facili da usare. Richiedono poco spazio e bassi consumi senza rinunciare al risultato finale.

Compact and easy to use machines. They require little space and low energy consumption without compromising the final result.

Máquinas compactas y fáciles de usar. Requieren poco espacio y bajo consumo sin sacrificar el resultado final.

Machines compactes et faciles à utiliser. Ils nécessitent peu d'espace et une faible consommation sans sacrifier le résultat final.

2 modelli che nascono da un concetto di stabilità e robustezza della struttura.

2 models that arise from a concept of stability and sturdiness of the machine structure.

2 modelos que surgen de un concepto de estabilidad y robustez de la estructura.

2 modèles qui découlent d'un concept de stabilité et de robustesse de la structure.

Macchinari e linee per clienti più esigenti che necessitano alti livelli di produzione.

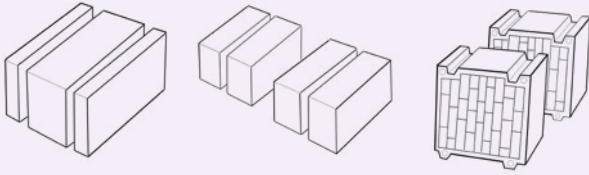

Machinery and lines for the most demanding customers who require high levels of production.

Maquinaria y líneas para los clientes más exigentes que requieren altos niveles de producción.

Machines et lignes pour les clients les plus exigeants qui exigent des niveaux de production élevés.

Macchine taglio listelli, mattoni e blocchi

Slips, bricks and blocks cutting machines
Máquinas de corte para listelos, ladrillos y bloques
Machines de coupe listels, briques et blocs

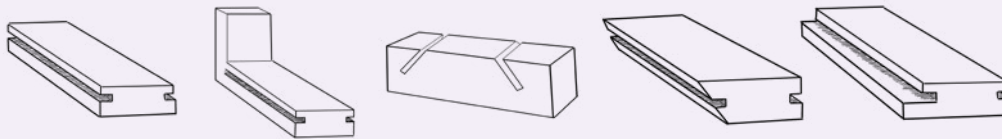

p.6

Macchine taglio angolari, listelli e 45°

Corners, slips and 45° edge cutting machines
Máquinas de corte para angulares, listelos e inglete
Machines de coupe de pièces angulaires, listels et 45°

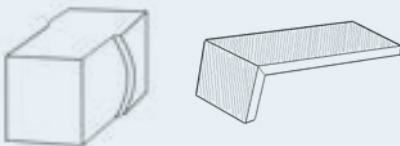

p.8

Macchine taglio Kerf

Kerf cutting machines
Máquinas de corte Kerf
Machines de coupe de Kerf

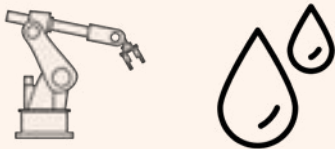

p.10

Macchine rettifica e ceratura mattoni

Rectifying and waxing machines for bricks
Rectificadoras y enceradora para ladrillos
Rectificieuse et cireuse pour briques

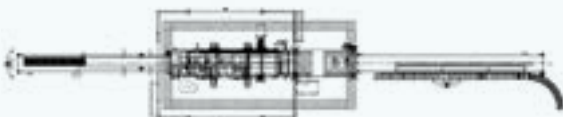

p.12

Movimentazione mattoni e cabina di lavaggio

Handling bricks and washing cabin
Movimentación ladrillos y cabina de lavado
Manipulation briques et cabine de lavage

p.14

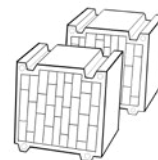

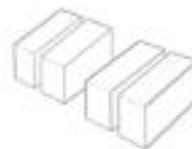

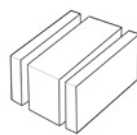

Linee automatiche per taglio listelli e angolari e rettifica

Automatic lines for corners and slips cutting and rectifying
Líneas automáticas de corte de listelos y angulares y rectificado
Lignes automatiques pour la coupe de listels, pièces angulaires et rectification

p.16
